Dear Business Owner

REGISTRATION: BULLION BEPERK PRIMARY COOPERATIVE LIMITED: 2023 / 005086 / 24

I have pleasure in informing you that the above-mentioned co-operative was registered in this office on 26/09/2023 in terms of the Co-operatives Amendment Act, No.6 of 2013.

I further certify that **BULLION BEPERK PRIMARY COOPERATIVE LIMITED** is with effect from 26/09/2023, entitled to commence business. See attached registration documents and Constitution.

Congratulations on registering your co-operative. The Companies and Intellectual Property Commission (CIPC) wishes you all the best in your business endeavours.

Registering your co-operative is only the first step in managing it. Throughout its life span, a co-operative is required to maintain its information and legal status with the CIPC. Failure to do so may have serious consequences for the co-operative and your business activities, as it may result in deregistration.

The Co-operatives Amendment Act, No.6 of 2013 places compliance requirements on all registered entities throughout its life cycle, which includes any changes to the co-operative information and annual submission of audited financial statements. The annexure hereto is an easy guide to assist you with managing your co-operative compliance obligations. The table is not a legal document, but rather a guide to some of the most pertinent requirements that must be adhered to.

Please ensure that CIPC always has the latest contact details for the directors or the authorized representative so that important information relating to annual submission of financial reports, director changes and pending deregistration's can be transmitted efficiently and effectively to the correct person.

Should you require information on any of other requirements, please direct your enquiries to:
